**RESEARCH USE ONLY**

Southern Aminos Research Use Only Policy

Southern Aminos 8X Elite Testing Standard™ with 10x vials — ID, Net Content, Purity, Conformity, Sterility, Endotoxins, Heavy Metals & Fentanyl Screening transparency, compliance expectations, and order restrictions.

Effective Date: January 2026

RUO

Important Notice: Southern Aminos products are sold strictly for laboratory, analytical, educational, or research purposes only. They are not sold for human consumption, animal consumption, diagnosis, treatment, cure, mitigation, or prevention of any disease or condition.

1

Overview

This Research Use Only Policy applies to all products, product information, website content, communications, orders, and transactions involving Southern Aminos. By purchasing from Southern Aminos, customers acknowledge and agree that all products are intended solely for lawful research purposes.

Any use inconsistent with this policy is strictly prohibited and may result in order cancellation, account restriction, refusal of service, or other action deemed appropriate by Southern Aminos.

2

What “Research Use Only” Means

All Southern Aminos products are offered exclusively for research use only. Acceptable uses may include laboratory research, analytical testing, formulation research, quality-control comparison, educational review, or other lawful non-consumption research activities.

✓ **Laboratory Research**

✓ **Analytical Testing**

✓ **Educational Review**

✓ **Quality-Control Comparison**

✓ **Reference Material Review**

✓ **Lawful Non-Consumption Research**

3

Not for Human or Animal Use

Southern Aminos products are not dietary supplements, food products, drugs, cosmetics, medical products, medical devices, or veterinary products. Products are not intended for ingestion, injection, inhalation, topical application, implantation, or any other use involving humans or animals.

Products are not intended to diagnose, treat, cure, mitigate, or prevent any disease, injury, symptom, medical condition, or veterinary condition.

4

No Medical, Dosing, or Usage Advice

Southern Aminos does not provide medical advice, veterinary advice, dosing instructions, treatment recommendations, cycle recommendations, reconstitution guidance for personal use, administration instructions, or any guidance related to human or animal use.

Any information provided by Southern Aminos is general product or research-reference information only and must not be interpreted as medical, health, wellness, fitness, performance, cosmetic, or treatment guidance.

5

Purchaser Certification

By placing an order, the purchaser certifies that they are at least 21 years old, legally permitted to purchase and possess the products ordered, qualified to handle research materials, and purchasing strictly for lawful research purposes only.

- The purchaser will not use products for human or animal consumption or administration.
- The purchaser will comply with all applicable laws and regulations.
- The purchaser accepts responsibility for safe storage, handling, and use.
- The purchaser will not misrepresent the intended purpose of any product.

6

Customer Responsibility

Customers are solely responsible for ensuring that their purchase, possession, storage, handling, and use of any Southern Aminos product complies with all applicable laws, regulations, institutional rules, laboratory safety standards, and risk-management requirements.

- Customers must use appropriate equipment, procedures, and protective measures.
- Customers must understand the risks associated with research compounds.
- Customers must independently verify product suitability for their lawful research purpose.
- Customers must not rely on Southern Aminos for regulatory, legal, medical, or laboratory safety advice.

7

Prohibited Uses

Customers may not purchase, handle, resell, advertise, transfer, compound, or use Southern Aminos products for any prohibited purpose, including but not limited to:

- Human consumption, administration, or application.
- Animal consumption, administration, or application.
- Medical, wellness, bodybuilding, athletic, cosmetic, performance, or therapeutic use.
- Compounding or manufacturing products for human or animal use.
- Resale with claims inconsistent with research-use-only labeling.
- Any unlawful, unsafe, misleading, or unauthorized purpose.

8

Laboratory Handling & Storage

Products should be handled only by qualified individuals using appropriate laboratory practices, protective equipment, storage conditions, documentation, and disposal procedures. Southern Aminos does not provide customized handling instructions for personal, medical, veterinary, or non-research use.

Customers are responsible for determining and maintaining appropriate storage and handling conditions for their specific research environment.

9

Labeling & Product Information

Product names, descriptions, concentrations, quantities, packaging, labels, batch information, and product pages are provided for identification and research-reference purposes only. References to compound names do not imply suitability for human or animal use.

Product information may change at any time as batches, testing, packaging, or supplier information is updated.

10

Certificates of Analysis & Testing

Southern Aminos may provide Certificates of Analysis, batch details, or third-party testing information for transparency and research-reference purposes. Testing information does not convert any product into a drug, supplement, food, cosmetic, medical device, or product intended for human or animal use.

Customers are responsible for reviewing batch details and determining whether a product is appropriate for their lawful research purpose before purchase or use.

11

Regulatory Compliance

Customers are solely responsible for knowing and following all laws, regulations, licensing requirements, import/export restrictions, institutional requirements, and safety standards that may apply to their purchase, possession, storage, handling, transfer, or use of Southern Aminos products.

Southern Aminos makes no representation that any product is approved for any specific use by any regulatory agency.

12

Order Review, Refusal & Account Restrictions

Southern Aminos reserves the right to refuse, cancel, refund, hold, or review any order if we believe the purchase may violate this policy, applicable law, payment processor rules, carrier rules, or the intended research-use-only nature of our products.

- Requests for dosing, medical advice, or personal use may result in order cancellation.
- Statements indicating human or animal use may result in refusal of service.
- Repeated policy violations may result in account restrictions or closure.
- Southern Aminos may request additional verification before processing an order.

13

Website, Email & Social Media Content

All website content, emails, social media posts, educational materials, product descriptions, FAQs, graphics, marketing materials, and customer communications are provided for informational and research-reference purposes only. Nothing should be interpreted as a recommendation, endorsement, instruction, or approval for human or animal use.

14

Intellectual Property

All Southern Aminos names, logos, website content, product images, graphics, page layouts, marketing materials, and related materials are the property of Southern Aminos or its licensors and may not be copied, altered, reused, or republished without written permission.

15

Assumption of Risk

Research materials may involve unknown or significant risks. By purchasing, the customer assumes all risks associated with purchase, storage, handling, transfer, possession, disposal, and use of the products. Southern Aminos is not responsible for misuse, unauthorized use, unsafe handling, improper storage, unlawful activity, or use inconsistent with this policy.

16

Limitation of Liability & Indemnification

By purchasing from Southern Aminos, customers agree to release, defend, indemnify, and hold harmless Southern Aminos, its owners, employees, contractors, vendors, affiliates, fulfillment partners, and service providers from claims, damages, losses, liabilities, costs, or expenses arising from misuse, improper handling, unauthorized use, unlawful use, misrepresentation, resale, or violation of this policy.

17

Policy Changes

Southern Aminos may update, modify, or replace this Research Use Only Policy at any time. Continued use of the website or purchase of products after changes are posted constitutes acceptance of the updated policy.

18

Frequently Asked Questions

► **Can Southern Aminos provide dosing or usage instructions?**

► **Are Southern Aminos products intended for human or animal use?**

► **Do COAs mean a product is approved for personal use?**

► **Can an order be canceled because of policy concerns?**

Customer Acknowledgment

By placing an order with Southern Aminos, the customer confirms that the products are being purchased strictly for lawful research purposes only and not for human or animal consumption, administration, diagnosis, treatment, cure, mitigation, or prevention of disease.

Southern Aminos appreciates customer cooperation in respecting the research-use-only policy for all products.

Sourcing & Quality Statement

Southern Aminos works with select vetted cGMP manufacturing partners that have undergone rigorous requirements and verifies all compounds through independent U.S.-based laboratory testing. Supplier identities and sourcing locations are not disclosed in accordance with industry standards. Maintaining supplier confidentiality protects supply chain integrity, supports long-term quality partnerships, and ensures consistency across batches. We believe that independent testing, traceability, and documentation are the most meaningful indicators of quality. All products are intended for research use only and are supported by batch-specific documentation.
